## **Websphere Transformation Extender 8.0 or 8.1 (WTX) Private Course Request Form**

Encode offers private training courses designed to help clients fully leverage the WebSphere Transformation Extender (WTX) Suite. Our private training is designed to help our customers tailor the content, speed, and “hands-on” individual instruction for the attendees to maximize the effectiveness of the time spent with the Encode instructor.

Encode training benefits a broad audience, from architects and designers, to system administrators and business managers. In the world of WTX, it is not uncommon for a single individual to have responsibility for defining business needs, architecting solutions, then deploying and administering those solutions. Whether you are a “one person show” or part of a team dedicated to managing WTX environment, your company will benefit from Encode training.

### **Register Now**

To request a Encode private WTX courses for you and your co-workers, fill out the following two-page form and **Fax both pages to 732.637.1950**. An Encode representative will call you within three (3) business days to determine the course curriculum, schedule, and location right for you.

### **Payment Information**

After working with an Encode representative to design your private WTX training course, a fee for your course can be defined. Encode will send an Invoice referencing the customer purchase order number for the full amount due. A check payable to Encode, Inc., for the total amount due, will be payable two (2) weeks prior to the arranged private course date.

### **Terms & Conditions**

Private training course fees will be in U.S. dollars. Full payment for each student must be received prior to the course. No refund will be provided for cancellations but substitutions are permitted. The parties will mutually agree to reschedule any courses that either party is unable to attend due to matters beyond such party’s control, such as, but not limited to, sickness, strikes, acts of God, (including without limitation lightning and unusually severe weather conditions); power outages, governmental regulations or interference; accidents; or fire. The course fee will cover all course materials and Encode, Inc. instruction time only. Expenses (hotel, airfare & ground transportation) for the instructor will be billed at actual cost with terms net 30 days. Invoice to be submitted under separate cover with receipts of travel expenses for training.

### **Stay Up To Date**

Encode’s course offerings are continually updated, please be sure to check the Encode website often for course updates. For the most current course descriptions, please visit [http://www.encodeinc.com/services/wtx\\_training.asp](http://www.encodeinc.com/services/wtx_training.asp)
